**FOR IMMEDIATE RELEASE**

## PAVING BEGINS ON STATE ROUTE 2

**Wrightwood** - The California Department of Transportation (Caltrans) will begin a paving project on State Route 2 south of Desert Front Road to SR 2/138 Separation on Monday, September 13, 2004 for approximately two weeks. The work hours will be from 8:00 a.m. to 4:00 p.m. Monday through Friday.

Lane closures will take place during work hours in alternate directions with the use of flagging and/or pilot cars to escort motorists through the construction zone. The California Highway Patrol (CHP) will be available to assist with traffic monitoring. Lanes will reopen in both directions during non-work hours.

The project will utilize an asphalt overlay to repave this section of SR 2, which has some deterioration due to normal traffic wear. The project may be delayed if environmental conditions such as fire prohibit the work.

Travelers are advised to drive with caution through the work area and pay attention to the traffic monitoring and detour signage.

Be alert, be aware, and remember to **slow for the cone zone**.
